

Wellbeats Client Reporting

Evaluate your population's engagement and performance with Wellbeats aggregate reporting

Wellbeats delivers aggregate reporting for you to review your population's performance and engagement. This report includes data and insight to help you understand the performance of your virtual wellness offering.

Wellbeats Aggregate Report

The Wellbeats Aggregate Report contains a summary of the following:

- # of streaming and in-facility class plays by duration, type, class name (top 25), platform, facility/studio, day of the week, time of day, and age/gender
- # of minutes by logins, facility/studio
- # enrolled in challenges or completed fit tests
- Total # of current/unique/new user logins
- # of unique logins by month, facility/studio and new users
